

# Oil Water Separators

*Oil water separators can efficiently aid in the removal of almost any type of oil that is lighter than water*

## Above Ground Separators

Parallel corrugated plate above ground oil water separators with capacity to process 2 - 15 US GPM

\* Flat Bottom, Sump and Sludge Hopper options available.

## Below Ground Separators

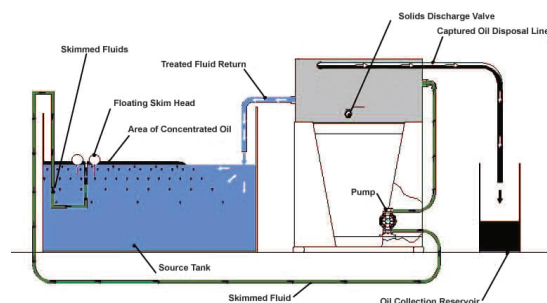

Below Ground Separators will assist in the removal of large quantities of free and mechanically emulsified oil from your wastewater

\* No moving parts or consumables

## SkimLoop Separator

The industry standard for skimming and separating floating oils and solids from industrial fluids

## BORS - Marine Grade

Industrial Marine Grade Oil Water Separators. US Coast Guard certified with vessels and piping constructed from carbon steel to ASME specifications and coated with an industrial strength epoxy

## Available Models

Series	Flow Rate (US GPM)	Capacity (US Gal)
AGS - Above Ground	2 - 15	60 - 360
AGM - Above Ground	3 - 60	75 - 350
AG - Above Ground	9 - 170	150 - 1000
HQB - Below Ground	20 - 2000	320 - 16,000
SkimLoop	200 GPM	20 GPM (Oil Flow)
BORS T Series	2 - 45
